What we do

HUBWAYZ
TRAVEL TECHNOLOGY SOLUTIONS • The platform for
the new era of travel

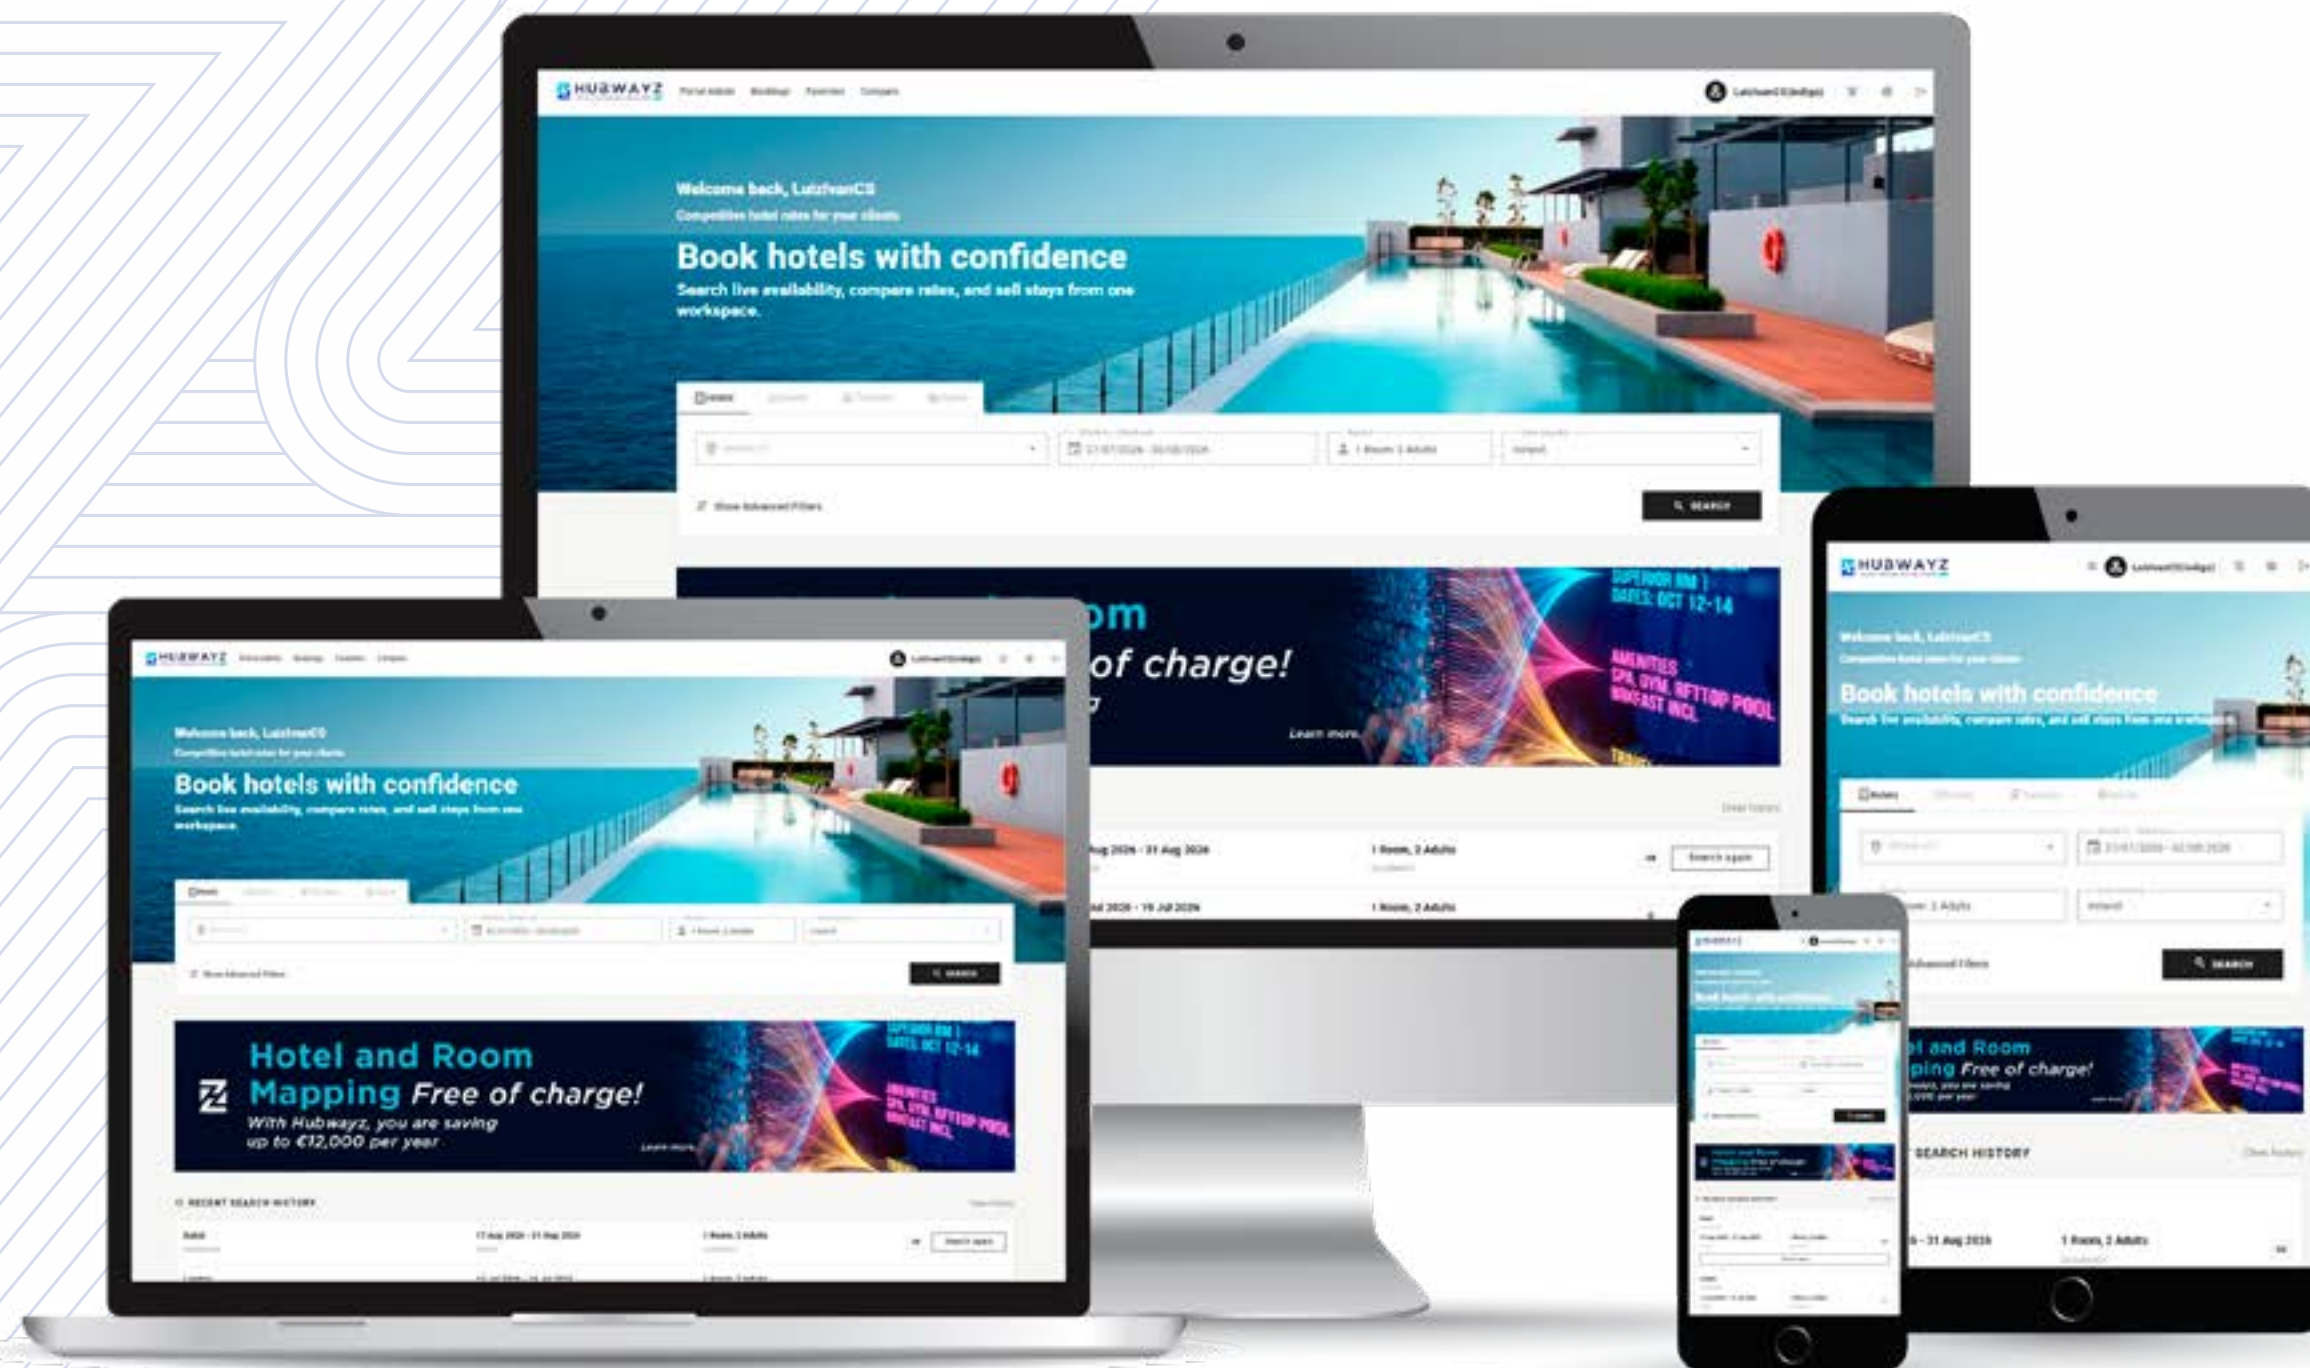

What is Hubwayz?

[Hubwayz](#) is a cloud-based travel technology platform connecting travel agencies, wholesalers, bed banks, and DMCs to hundreds of hotel suppliers, activities, transfers, sports and events, through [one Platform](#) or a [single API](#).

No matter if you use our full platform or only our API, our cutting-edge technology solutions will help your travel company achieve more.

Data mapping, bookings, reports, insights, and payments, all in one place.

Run your travel business from one login. Save your agents time and increase your profits.

www.hubwayz.com

What is Hubwayz?

All in One Platform

Most Travel Agencies and Wholesalers run four to six supplier portals side by side, each with its own login, its own price format, and its own chance for a booking to fall through.

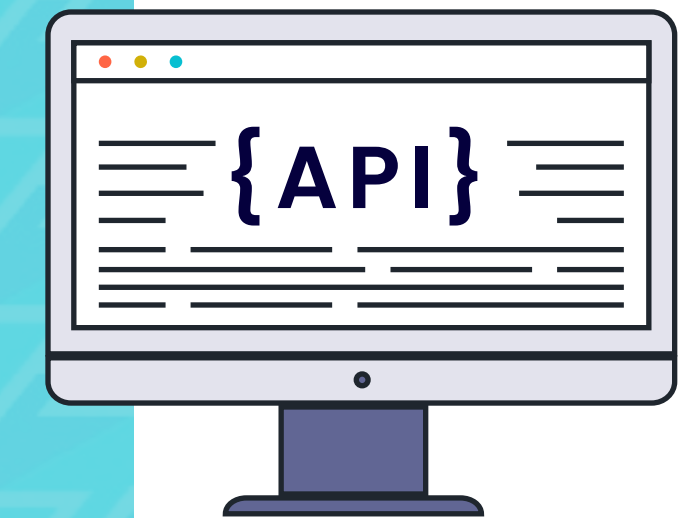

Hubwayz's all-in-one platform for travel business puts hotels, activities, transfers, events, payments, and reporting behind a single login, so your agents book from one clean screen instead of five.

API Connectivity

Plug your website, agent tool, or back office into Hubwayz API Connectivity, and you get one connection to thousands of hotel suppliers, plus activities, events, sports, transfers, and car rental.

It's the same booking engine and profit tools behind the Hubwayz Full Platform. We handle the mapping, the deduplication, the price management. You keep your front end, your brand, your buyer network.

Whether you need a full platform or a single API, Hubwayz can support your travel business simultaneously or separately.

Where we are

A global footprint.

Close to every market we serve.

Hubwayz is a global company.

Headquartered in Dublin, our team is spread around the world, with offices in the Netherlands, Israel, and the United States.

- We also run a sales operation in Greece, in addition to professionals working across major cities in Europe, Asia, and the Americas.
- Our operations create lasting impact for clients in cities across every continent.

Our Group

We stand bigger

We don't stand alone, we're backed by a strong corporate group with deep roots in travel business.

Hubwayz is part of a diversified international group with active investments across the travel, hospitality and technology sectors around the globe.

Why

Choose Hubwayz

Fragmented systems are costing you bookings, time, and margin.

Travel agencies, wholesalers, and DMCs are all fighting the same battle: too many supplier portals, too many manual processes, and technology that doesn't talk to itself.

Agents switch between four, five, six supplier logins just to compare rates. Wholesalers are pricing against a market that moves by the hour, with tools built for last month. And DMCs? They build genuinely good products that never reach the buyers who'd book them.

None of this is a people problem.
It's a connectivity problem.

HUBWAYZ The platform for
TRAVEL TECHNOLOGY SOLUTIONS the new era of travel

Hubwayz solves it with one platform, or one API.

Connect to hundreds of suppliers.

Mapping and deduplication run automatically.

Pricing adjusts in real time.

We handle payments end-to-end.

The result: 40% more bookings, 60% time saved,
and a 40% increase in profit.

The businesses pulling ahead right now aren't
working harder. They're running fewer systems.

What you get

Six Reasons

Travel businesses run on Hubwayz.

Unified Access

One platform, one API:
access hotels, activities,
transfers, and events from
a single connection. No more
juggling supplier portals.

Hotel and Room mapping

It isn't priced as a separate
module. It's part of what you're
already paying for, making you
**save more than €12,000.00 per
year** for extra suppliers.

1

Profit Growth

Dynamic pricing tools,
smart business rules, and margin
controls that actively grow
your bottom line.

2

Operational Efficiency

Automate the back-office:
payments, documents,
mapping, and reporting,
so your team can focus
on growth instead of admin.

3

4

Scalable Connectivity

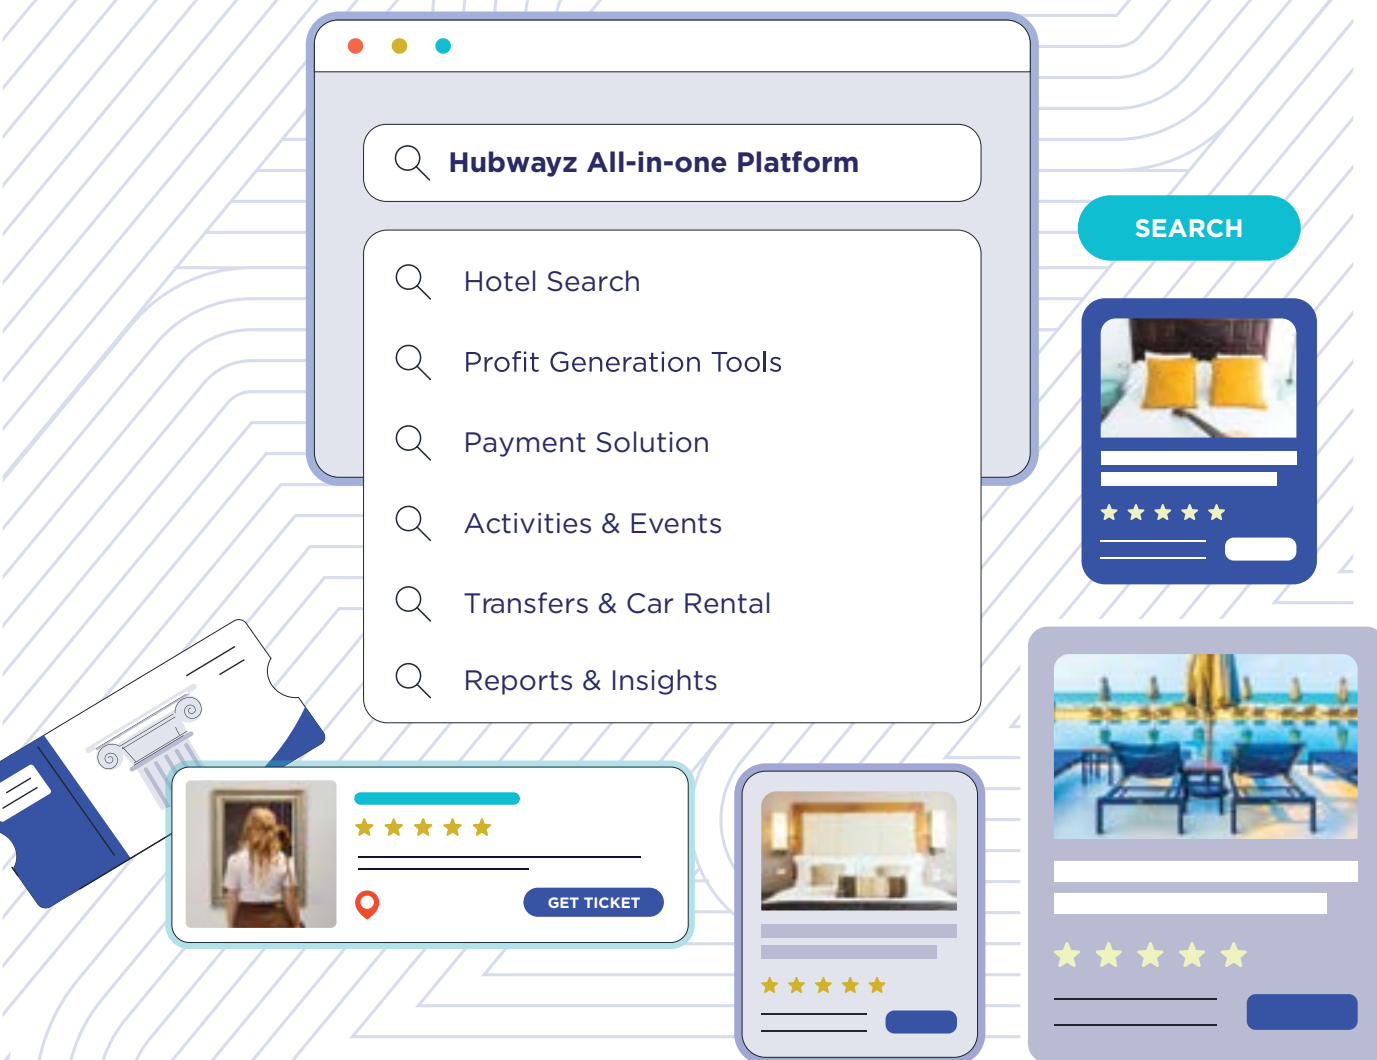

The platform scales with
your ambition. One master
account, unlimited sub-agencies,
each with its own settings and
branded documents.

5

Reliability & Partnership

A technology partner built
by people who know travel
operations with a 4.9/5
support rating to prove it.

Who's it for

HUBWAYZ
TRAVEL TECHNOLOGY SOLUTIONS • The platform for
the new era of travel

Built for

Every player in travel distribution

Travel Agencies and OTAs

Give your agents a single interface. Let them compare live rates from hundreds of suppliers in seconds, book faster, and stop losing time to tab-switching. Control your markup at every level, the platform applies it automatically. Branded vouchers and invoices go out the moment a booking confirms.

Wholesalers and Bed Banks

Sell your own, and third-party, products in one easy, dynamic system. Pricing tools that respond to the market in real time, not last month's data. Full performance visibility across bookings, trends, and margins, in one dashboard.

Incoming Agencies and DMCs

Establish your presence on the Hubwayz Marketplace and reach buyers you couldn't access before. Manage hotels, activities, events, and transfers from one place. Multi-party, multi-currency payments included. Smart technology for DMC efficiency, without building your own tech stack.
